RE: PROFILE# E0001-340027

Thank you for expressing an interest in Romic by submitting a profile for evaluation. The verification process has been completed for the above profile. In accordance with CFR 40 264.12(b), this letter is to inform you that Romic has the appropriate permit(s) for and will accept the material as profiled at our fully permitted facility (EPA ID# CAD009452657).

Should at any time there be a change to the process or operation which generates the material as profiled or any profile modifications are needed, please contact our Customer Service staff so that we may revise our records to ensure that accurate information is maintained on file. With your permission, we will adjust the profile to ensure the information accurately reflects the submitted representative sample of the waste stream. Please review the attached profile carefully for any needed modifications.

Please keep a copy of this notification. The regulations under 40 CFR 264.12 require this documentation to be in the generator's records.

Based on the profile and representative sample, we anticipate the pricing to be as follows:

Service(s) Anticipated	Pricing	Unit of Measure	Size	Restriction
INCINERATION	415.00	Per Drum	55	
PROFILE ANALYSIS	75.00			
TRANSPORTATION	30.00	Per Drum	55	

The first price listed matches your submitted representative sample and profile. The prices provided are only as accurate as the profile and representative sample submitted. If the waste varies from the original representative sample, other treatment prices may apply. Exact charges will not be known until a lab analysis has been performed on each actual shipment. Materials not representative of the profile and/or sample will be invoiced at Romic's standard price schedule.

Should you have any questions or wish to schedule shipment of your material, please contact our Customer Service Department at 1-800-ROMIC-4U.

Thank you again for selecting Romic Environmental Technologies Corporation.

Sincerely,

Marty DeLuna
Lead Customer Service Rep

ADDITIONAL INFORMATION

FUELS

	<u>Chlorine</u>	<u>Water</u>	<u>Suspended Solids (bulk)</u>
Grade I:	< 4 %	< 10 %	< 10 %
Grade II:	4-8 %	11-20 %	< 15 %
Grade III:	> 8 %	> 21 %	< 20 %

- **Liquefaction:** > 5,000 BTU's and flowable or augerable.
- **Grindable:** > 5,000 BTU's with no metal pieces.

AQUEOUS

- **Grade I:** Single Heat Treat
- **Grade II:** Double Heat Treat
- **Grade III:** Triple Heat Treat

RECYCLE

- **Tubes/Bulbs:** Partial containers will be invoiced at full capacity.
- **Reclaimed Yield:** Yield is determined by the available reclaimable solvent percent less processing losses.
- **RCRA Empty Drums:** < 1" of residue without free liquids and > 30 gallon drum size.
- **Neutralization:** Must be virtually free of sludge.
- **Recycle Return:** Concerns recoverable chemicals with a sufficient volume and a willingness to commingle with similar chemicals. Romic will meet the customer's requirements, not the industry standards.

LANDFILL

- No free liquids.

TRANSPORTATION

- Hourly transportation rates are portal to portal.

TAXES

- Commodity sales are subject to sales tax.
- Disposal taxes will be charged, if applicable.

ROMIC ENVIRONMENTAL TECHNOLOGIES
